

Dear IB Graduate,

Congratulations on the completion of your IB programme. We hope that you are proud of your hard work and accomplishments to reach this goal.

IB graduates around the world have gone on to prominent careers as scientists, astronauts, heads of state, humanitarians, athletes, journalists, actors and actresses, and business leaders. These individuals once sat where you sit today. They had completed their IB experience and looked forward to the possibilities that lie ahead.

IB graduates are part of a community that reaches across 150 countries. We encourage you to stay connected with your classmates and teachers at your IB World School. We also invite you to join the IB Alumni Network to connect to the exceptional and diverse community of IB graduates worldwide. The network is designed to link graduates on a global scale and support your future careers and university studies.

We wish you all the best with your plans for the future and look forward to welcoming you to the IB Alumni Network.

Please accept our invitation to join the IB Alumni Network when you receive your exam results by visiting
